transportation management

The Experience of a Market Leader

Since 1971, Network Global Logistics (NGL) has partnered with Fortune 1000 companies to provide customized transportation management solutions to meet their specific needs.

World-Class Customer Service

We are committed to providing world class customer service by first taking the time to fully understand our customer's freight needs. From there, we leverage our network of carriers as well as our industry-leading transportation management systems to reliably and cost effectively serve our customers. Our service levels are unrivaled in the industry.

24 / 7 / 365 – We Never Close!

We employ a dedicated team of logistics professionals available 24 hours a day, seven days a week. We are available to serve our customers when others are not.

Superior System, Superior Performance

Our industry leading Transportation Management System allows for easy online tracking and tracing capabilities as well as proactive notification on freight status changes. We keep you well informed with up-to-the-minute information. Our system provides a broad range of features and capabilities, including:

- 
- Supports all modes of transportation: Parcel, LTL, TL, Rail, Intermodal, Air Freight, Ocean, and Multimodal
 - Decision support capability determines the right carrier to cover your loads, at the right service level and price to meet your needs
 - Receive a quote online
 - Enter your own shipments online
 - Secure, real time visibility to your shipments
 - Online tracking and tracing
 - Monitors shipments throughout the process
 - Provides you with proactive status notification of issues that arise during key points in the shipping process
 - View shipping history and similar loads
 - Powerful online reporting capabilities including carrier performance reports, exception reports, KPI reports, and audit reports
 - Freight bill auditing
